Pursuant to the Arizona Administrative Code, Chapter 8, Article 3, each special waste generator, special waste shipper and special waste receiving facility shall obtain a Special Waste Identification Number (ID. number). The I.D. number is to be used in conjunction with the tracking of wastes designated as special wastes by the State.

The I.D. number issued is assigned to specific address and/or physical locations and non-transferable. An owner of multiple properties or facilities which are not contiguously located must obtain a number for each separate property or facility. The I.D. numbers must be obtained prior to the initiation of shipment or receiving of any special waste.

A person who violates any provision of the statutes or rules associated with the regulation of special wastes is subject to a civil penalty of not more than ten thousand dollars per day for each violation (A.R.S. 49-861).
